Travelling Direction

from Airport La Palma (SPC) to Jardín de Aridane

Coming from the Airport you leave the parking lot in the direction Santa Cruz de La Palma.

After approx. 2 km turn right (**LP-2/LP-3**) to Los Llanos resp. El Paso (DO NOT ride to Santa Cruz downtown). You will follow the LP 2 until you are close to our property.

The LP 2 leads you into the mountains towards the tunnel, remember, the airport and Santa Cruz are on the east side, we are on the west side of the island.

The long tunnel is the highest point of your travel. After you have passed the tunnel, the road leads downhill to El Paso and Los Llanos.

Stay on the **LP-3** and drive **through El Paso**. In the center of the village, on your left hand side, you will see a petrol station "CEPSA" - on your right hand side is a well sized supermarket (San Martin).

Stay on the **LP-3** and follow it for another 1 km. On your right hand side you will pass a blue sign „Bungalows Rosabel“ (just for orientation). Continue for about 500m - as soon as you are approaching a **green/white painted building** on your right (this is the „Clinica Dental“) **you must leave the LP-3 and turn right** before this building into the street Calle Taburiente.

After approx. 300m turn left into the Calle Tamarahoya.

Follow the road for 300m - on your left you will see a large yellow building (with a white mailbox and a golden number 19 on it). Turn into the driveway and park your car right before the gate.

You have arrived at Jardín de Aridane - welcome.
